FOUNDATION

THE BEAT GOES ON

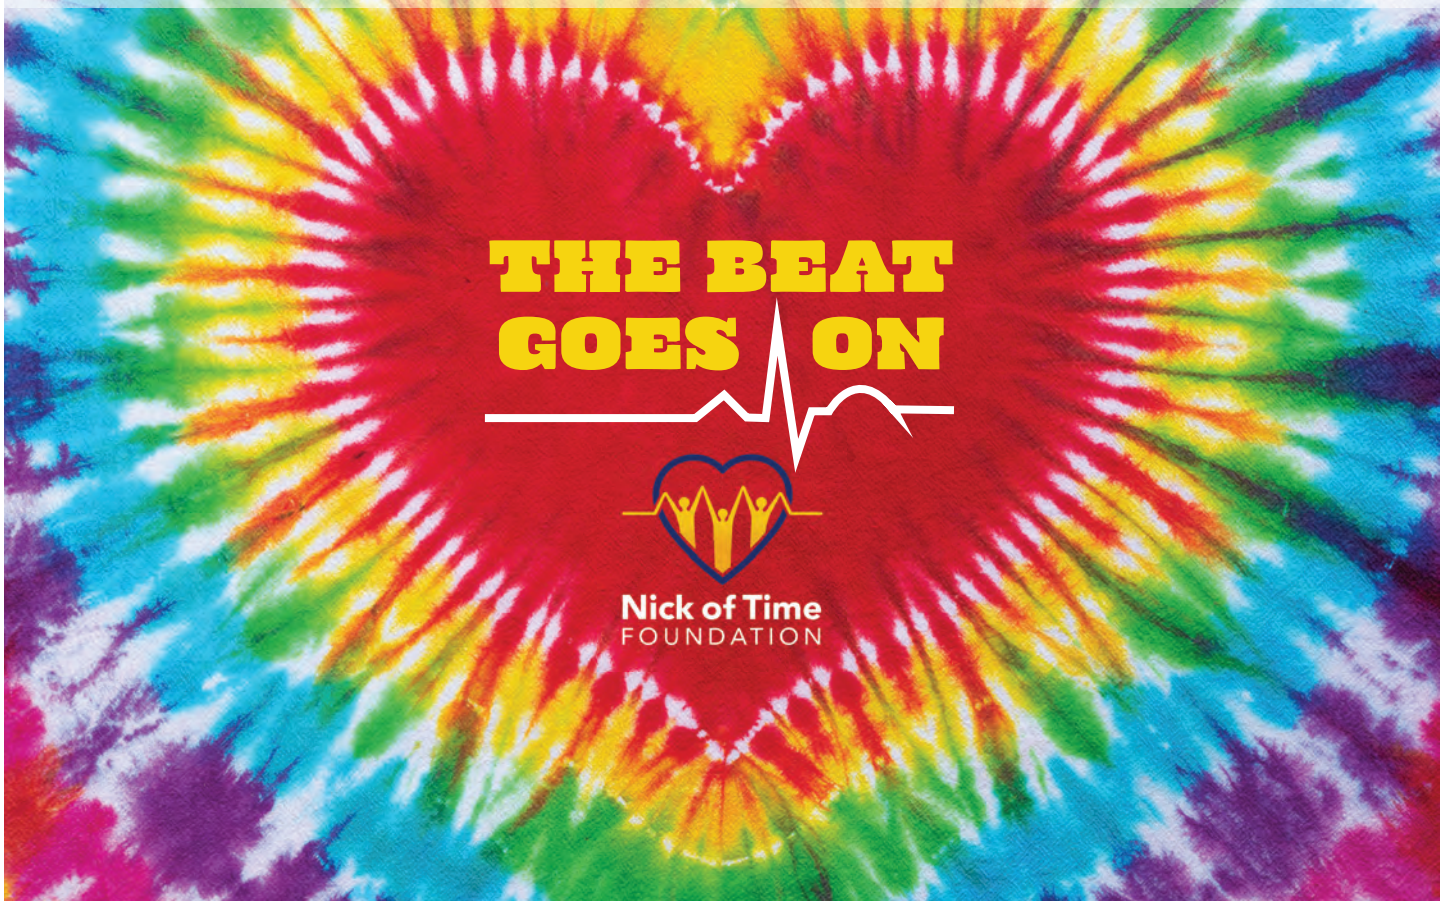
PEACE, LOVE AND 60'S PARTY

SPONSORSHIP OPPORTUNITIES

The mission of the Nick of Time Foundation is to save lives by increasing awareness of sudden cardiac arrest (SCA) and how it affects children and young adults — Darla Varrenti

PEACE, LOVE AND 60'S PARTY

Saturday, February 8, 2020 Edmonds Yacht Club



Proceeds from this gala will help Nick of Time Foundation to provide free EKG youth heart screenings, promote cardiovascular health, and advance CPR/AED education in underserved communities throughout the Puget Sound area, with the goal of preventing Sudden Cardiac Arrest (SCA) in the young.

HEART CHAMPION - $10,000

- Reserved VIP table for 10 guests
- Full-page letter or ad inside program
- Company logo on cover event program
- Company name & logo on event promotional material
- Company name & logo on Foundation website
- Company name on table sign
- Recognition at the event

HEART WARRIOR - $7,500

- Reserved VIP table for 10 guests
- Half page ad in event program
- Company name & logo on Foundation website
- Company name on table sign

SUPPORT THE NICK OF TIME FOUNDATION

This unique fundraising gala benefits Nick of Time Foundation and celebrates its amazing work.

Proceeds from the Gala support the Foundation's lifesaving programs:

- **EKG Youth Heart Screenings**
- **SCA Awareness**
- **Emergency Action Planning that includes CPR/AED training**

If you would like to know more about 2020 Gala Sponsorships, to donate auction items or to volunteer, please contact Melinda Truax, 2020 Gala Chair at (206)909-9040 or email 2020Gala@nickoftimefoundation.org.

Thank You for Your Generous Support!

THE BEAT GOES ON

PEACE, LOVE AND 60'S PARTY

ABOUT NICK OF TIME

The Nick of Time Foundation was created in memory of Nick Varrenti, a multi-sport athlete who suffered a sudden cardiac arrest (SCA) and died at age 16. The following NoTF programs work together to help protect our young people and communities by providing heart health awareness for young people, early detection, and emergency action planning for schools and communities that includes CPR/ AED education as we train the next generation of "first responders".

SCA AWARENESS

■ NoTF is working to increase survival of sudden cardiac arrest, with awareness and training in bystander "hands only" CPR and the importance of having Automated External Defibrillators (AED) in all public places. When ordinary people, not just doctors and EMTs, are equipped with the skills to perform CPR, the survival rate can double or even triple.

- *Fact: Success begins with public bystanders. Communities with higher bystander CPR participation have higher SCA survival rates.*

EKG YOUTH HEART SCREENINGS

■ NoTF organizes and facilitates six to eight on-site youth heart screenings per school year. Offered to all students ages 14-24 regardless of race, ethnicity, gender and socio-economic status. Our screening model is being used nationwide as the "gold standard" for community based screening programs.

- *Fact: SCA is the leading cause of death in exercising young athletes, happening every 2 days in the US. Most have hidden cardiac abnormalities with no warning signs until suffering an SCA.*

EMERGENCY ACTION PLANS FOR SCHOOLS AND COMMUNITY ORGANIZATIONS

■ NoTF is working to train the next generation of "first responders". Let's teach our young people to be "HEARTSafe" with heart health awareness, training in "hands only" CPR, how to use AED's and the implementation of the "Anyone Can Save A Life" Program- schools and communities will then have the tools needed to create an effective Emergency Action Plan (EAP) in order to quickly implement the chain of survival. Imagine how many lives could be save if all students learned CPR before graduation?

- *Fact: When you teach kids CPR in high school, middle school, or elementary school, you are strengthening community safety -- and giving students skills they can carry into the future.*
